OBJECT OF THE GAME

To realistically show what it's like to be a Christian. Players receive the Gospel as they start down the GOSPEL ROAD. The game moves the players through the challenges of a daily walk with Christ along the PATH OF LIFE, and enables them to accumulate Stars for their Crowns.

SETTING UP THE GAME:

01. Shuffle ACTIVITY CARDS making sure the RAPTURE CARD is among them. Place these cards face down on the box marked ACTIVITY at the side of the game.
02. Shuffle the FRUIT CARDS and place them face down on the box marked FRUIT at the side of the game.
03. Shuffle the SCRIPTURE CARDS and place them face down on the box marked SCRIPTURE at the side of the Game.
04. Select a person to be the STEWARD, for the duration of the game, to handle the STAR POINT, CROWN CARDS, and other related duties.

WINNING THE GAME:

01. When the RAPTURE CARD appears, the player with the most Stars wins the Game.
02. To determine the winner, all players will add up all of their STAR POINTS for the STAR and CROWN CARDS they have collected. Any player holding SCRIPTURE OR FRUIT CARDS at the end of the Game will receive an additional 5 BONUS POINTS for each card they hold.
03. Any player who has accumulated all the FRUIT OF THE SPIRIT CARDS will receive an additional 150 STAR BONUS POINTS, that will be added to their final score.

STEWARD: GAME DUTIES:

01. The STEWARD will organize the STAR and CROWN CARDS into various piles so they can be handed out quickly, to all players.

02. The STEWARD will award CROWN CARDS to players as they pass over the CROWN spaces on the board.
03. The STEWARD will award the STAR POINTS from the ACTIVITY CARDS to the various players as they are won. To collect their STAR POINTS, all players will show the STEWARD the amount in the centre of the star, in the upper right hand corner of the ACTIVITY CARD.
04. The STEWARD is the OFFICIAL REFEREE OF THE GAME and has the power of FINAL DECISION in the event of a question.
05. When the first player enters the Heavenly City, the STEWARD will mark the length of time the Game will continue by the role of the die. An odd role will let the Game last for another 5 minutes, an even role will let the Game continue for another 10 minutes. The STEWARD will inform the players when time is up, and the Game is to end. (See notes: ENDING THE GAME)
06. The STEWARD will help the players tally their STAR POINTS at the end of the Game, to determine the WINNER.

PLAYING THE GAME:

01. Each player roles a die. The player who roles the highest number begins, with others taking their turn in a clockwise rotation.
02. Place the tokens on the start position indicated by the space called GOSPEL ROAD. All players go along the GOSPEL ROAD before receiving their first CROWN: the CROWN OF RIGHTEOUSNESS. No STARS can be accumulated until a player has this CROWN.
03. When the first CROWN is received the player starts down the PATH OF LIFE, and begins collecting the STARS necessary to win the Game. The player can also start collecting other CROWNS, FRUIT OF THE SPIRIT, SCRIPTURE and ACTIVITY CARDS if they are to be kept. (Example: Instant Means Of Escape Card)

STARS:

01. Stars are the REWARDS given for faithful service. When the RAPTURE CARD appears, the

player with the most STAR POINTS, wins the Game.

02. The STAR POINT CARDS are controlled by the STEWARD. Players landing on a STAR VALUE CORNER, will receive their STAR POINTS from the STEWARD.

03. ACTIVITY CARDS which have point value will be collected from the STEWARD, simply by showing (him or her) the amount in the center of the STAR, on the upper right hand corner, of the ACTIVITY CARD.

04. Throughout the Game STAR CARDS may be traded in for higher STAR POINT VALUE CARDS. This will enable the winner to be determined more quickly, at the end of the game.

05. In the event of a tie, the die will decide the winner. Player with highest number rolled, wins the Game.

06. STAR POINTS once obtained can never be lost they will always be to your credit.

07. The STAR POINTS controlled by the STEWARD are 5, 10, 25, and 50. Any combination of these cards will make up the POINTS to be awarded to various players, throughout the game.

CROWN CARDS:

01. The CROWNS CARDS are received at various times throughout the Game and symbolize the REWARDS earned in our CHRISTIAN WALK. The first CROWN, the CROWN OF RIGHTEOUSNESS is received at the entrance to the PATH OF LIFE. The four remaining CROWNS are picked up as the players move around the board. In order to receive a CROWN the player needs only to pass over the CROWN SPACE to receive it. A direct landing on the space is not required.

02. If the player or the STEWARD have forgotten or missed a CROWN SPACE, the player is not penalized, and will be able to collect it from the STEWARD at any time.

10. WHAT ELSE HAS BEEN DONE TO SAVE TIME & MONEY?

The game REWARDS OF THE KINGDOM is copyrighted and all of the Game Rules, Booklet "Gospel Of The Game", card contents, and statistics from trial games played, are on I.B.M. computer. The basic board is regulation size not including the card bar at the side of the game. The prototypes are copies of a master blueprint done by a draftsman on drafting film. Eight blueprint changes in style, direction, and board layout were done as all the bugs in the game were ironed out. We have a game we feel, the public is looking and waiting for.

11. WHAT OTHER IDEAS DOES THE DEVELOPER HAVE TO MAKE THE GAME MORE DESIRABLE TO PURCHASE AND OWN?

People are always interested in something new, different, and up to date, something which uses the latest technological advances. I suggest that a small 3 - dimensional LASER HOLOGRAM be added to the center of the Heavenly City. This would make REWARDS OF THE KINGDOM the ONLY GAME ON THE MARKET with this selling feature. No matter where you sit during the game the light reflecting upon it would be dazzling and constantly changing in colour and hue.

12. WHY GO THROUGH THE EXTRA EXPENSE OF A LASER HOLOGRAM?

The Hologram adds a moving image to a static illustration and provides a bridge for a generation that has become mesmerized by video and high technology. Market research, done for Zebra paper back books by Perception Research Services, showed the hologram logo increased notice of Zebra Books by 69% in actual retail settings (Globe & Mail Tuesday September 3, 1985, page 12). The company is already said that they would look for the Zebra logo next time they bought a novel. This same type of hologram is now featured on the latest Visa Credit Cards. I asked those people playing the game if they would be willing to pay \$5 or \$6 more for a game simply because it would have this hologram in the Heavenly City, and they overwhelmingly said "YES". National Geographic has already added these holograms to two of their monthly publications and people are keeping them in

the manner of collector items.

CONCLUSION:

We feel the time is right for this new game to be presented to you the manufacturer. Mid-day Television doing a report on new games for Christmas said, "The market for Trivia Games has peaked and is on the decline". The market place is looking for a good reliable game, new in format and design, that will provide hours of family entertainment for many years to come.
